Using Clearspan aluminium frames Cotswold Marquees provide versatile sectional structures to cover any outdoor event. Frames can be erected on grass or hardstanding.

Frame marquees are available in 3m, 6m, 9m, 12m and 15 metre widths, which can be extended to any length in 3m sections.

Frames can also stand side-by-side to create a larger area or can be erected next to a building to extend a room.

A Top Hat (Oriental canopy), or Bell End can add interest to the structure, (please visit our website for examples).

Windows give the marquee an open feel, whilst a clear gable end will give the enjoyment of panoramic views.

Linings give the marquees a stylish finish whether the event is a wedding, civil partnership, party or a corporate event.

There is a choice of colour for the valances and a range of furniture and accessories such as sofas, bay trees, parasol sets etc.

Choose from two types of window: Georgian arched,

...or panoramic floor-to-ceiling.

marquees

A full range of flooring, lighting, heating and furniture is provided to complete the event. A range of generators can be supplied with qualified electrical personnel on call.

Walkways provide entrances or joins between structures and buildings. These can be open sided or enclosed for winter events. 2m, 3m and 4.5m widths are available and can be used with both frame and traditional marquees.

Available in 30ft and 40ft widths, our traditional marquees are more suitable for summer events.

Cotswold Marquees Ltd has contacts with associated suppliers such as caterers, toilet suppliers, florists, photographers, PA and lighting specialists.

Ideal throughout the year, our frame marquees provide a sturdy structure which can have wooden floors raised and levelled, and thermostatically controlled heating.

Traditional marquees, with centre poles, ropes and guy lines, are suited to a grass site and give a rustic or country feel to any event.

Our traditional marquees can have an unlined finish or can be fully lined and decorated to give a beautiful backdrop for your important event.

Our premises are based in Brailes, on the border of North Oxfordshire and South Warwickshire.
We are well placed to provide services all over the Midlands, but we mainly cover events in Oxfordshire, Worcestershire, Gloucestershire, Warwickshire and Northamptonshire.
